Communication requires additional payment.

****A monthly access fee *may* apply to use paid services.**

AXXS Tablets replacing Chirp Devices 2026

-Refer to below pictures to view the automatic Chirp message all contacts of the inmate will receive once the "switchover" is complete from Chirp Devices to Tablets.

FYI, in case you receive phone calls from F&F:

If a released inmate has not been fully released in the system and they still show funds in commissary, etc., it will not release them in your JMS, so Family or Friends will receive this message as well although inmate is no longer in jail.

-With the new AXXS Max Tablet, the inmate phone number for the F&F chirp is different for each contact, unlike the phone number in Chirping which stayed the same for all contacts. **Inmates need to let their F&F know not to share the phone number there chirping** because it is set up per contact.

Texting with (763) 342-0785 (SMS/MMS)

T INMATE (Enumclaw County WA Jail)
would like to text you. Reply YES to
accept. A service by CPC. Reply

YES

You will start to receive messages
from T INMATE (Enumclaw County
WA Jail). Fund this residents account
at <https://echrp.com/m/cm00u6s7dm>.

You must use the following number to
communicate with this resident: (816)
897-0818.

This system does not support emojis.

Reply HELP for help, or STOP to no longer receive messages from this facility.

There has been a change in the way messaging is rated between the old platform and the new.

Previously, inmates received messages and could see who the message was from. If they chose to open the thread, they would be **charged for the message at time of viewing the message.**

On the new platform, **inmates are charged for messages at time of receipt rather than time of viewing.** We have provided the inmates with the ability to block users they do not want to receive messages from to prevent scenarios where inmates are being charged for messages that they do not want to receive. **Blocks can be performed by the inmate opening the thread with the desired block contact, tapping on the triple dot icon in the top left, and tapping "Block Contact".**

When Inmates use Tablet to make a phone call:

How inmates have been funding phones **"Does Not"** change.

-Inmates should notify their **F&F to fund their Trust** Account (this money can be moved to phones) and **fund their Tablet Account by going to inmatesales.com.**

-Inmates cannot move monies from their Trust Acct./Phone Account to fund the Tablets.

-The calls on the tablet operate exactly the same as the wall phone and will turn off at the same time as the wall phones. (If applicable)

-F&F can save some money by using the Inmate Sales App. to make the calls because taxes are not charged using it.

Misc:

-Once **Tablet account is funded**, inmates can use the monies for **Chirps/Entertainment and Education.**

-If you have a **lobby kiosk**, there will be a link added where F&F can come into lobby and fund the inmates Tablet account.

(If you do not see that link, please let us know.)

Calling (If applicable to your site.)

-The per minute rate for a phone call is still charged just as if they are using the wall phone.
-If calling is available on the tablet at your site, the Inmates have the privilege of laying in their bunk, walking around, sitting, etc. versus standing against the wall to use the phone.

The __Mitchell County KS Jail is in the process of upgrading our inmate communication system. If you have communicated with a __Mitchell County KS inmate recently you might receive a text message asking you to confirm if you would like to continue communicating with the inmate(s). This is a security precaution and is not a scam. If you have additional questions, you can contact Combined Public Communications customer care at 877-398-7700.
